## So Very Versatile

In addition to Depth, Rate and Level controls, the CO600 also features its own dedicated 2-band EQ, providing countless tonal options. You can easily dial in a chilly vintage chorus sound, or a thick, over-the-top sonic ice storm. And thanks to CO600's dual outputs, every crescendo can be presented in either marvelous mono or stunning stereo.

## Easy to Operate

An awesome amber LED tells you when it's activated, and a top-quality on/off switch maintains the highest signal integrity in bypass mode. You can power the CO600 with either a 9 V battery or our PSU-SB DC power supply (not included).
